OFFICE OF PRESIDENT

July 31st, 1961.

Mr. H. Wolfhard,  
Vice-President,  
Dominion Rubber Co. Ltd.,  
550 Papineau Ave.,  
Montreal 24, Que.

Dear Mr. Wolfhard:

From time to time in the past, this Company has devoted part of its Annual Report to topics of special significance to the citizens of Canada and the United States. This has been done on the premise that increased knowledge brings increased understanding, and that understanding between the two great North American democracies is vital to the Western World.

This year, our Annual Report contained a study of the similarities and differences in the democratic governments of Canada and the United States. This section of the report now has been reprinted and I thought you would like to have a copy.

I am sending copies of this report entitled "Canada and the United States - Neighbours in Democracy" to prominent people on each side of our international border in the belief that they share with me the philosophy that mutual understanding and respect bring mutual benefits.

Sincerely,

A handwritten signature in dark ink, appearing to read 'S. Bronfman', with a stylized, flowing script.
